

A Touchstone Energy® Cooperative 

Cooperative Solar Program Agreement

Coast Electric's Cooperative Solar program provides an option for members who are interested in pursuing the use of renewable energy resources. Participating members will receive a portion of solar energy produced by solar facilities owned by Coast Electric's generation and transmission cooperative, Cooperative Energy. Members can purchase one to four kilowatts (kW) of the solar energy produced. Members who purchase solar energy will receive a credit on their bills equivalent to their portion of kilowatt hours produced by the solar panels. The number of kilowatt hours will be credited to member bills at the current residential kWh rate.

Date of request: ____/____/____

Member name: _____

Member number: _____

Member service address: _____
Street Address

City State Zip

Email address: _____

Phone number: _____

Please select the number of kilowatts (kW) you wish to purchase. Each kW purchased costs \$18.10

each month.

- 1 kW=\$18.10 monthly 2 kW=\$36.20 monthly 3 kW=\$54.30 monthly 4 kW=\$72.40 monthly

Please tell us why you are participating in this program: _____

Would you like to speak with a Coast Electric representative prior to signing up?

Yes, I would like to speak to a Coast Electric representative. No, I do not want to speak to a Coast Electric representative.

By my signature below, I certify that:

1. I am the primary responsible party for this residence.
2. My intent is to purchase the energy output based on the monthly kW produced and the amount I selected to purchase.
3. I agree to abide by Coast Electric rules and regulations.
4. I am aware that I have the option to discontinue participation in this project at any time.

Coast Electric will review your application and determine your eligibility. You will be notified by written or electronic notification within three days of the receipt of this agreement.
